Vulcan Lands, Inc., a New Jersey corporation (hereinafter known as "Vulcan"), as to its leasehold interest, and Connie Wilson Allison, Carol E. Wilson, Steve Andrew Wilson, Barbara Allen, and Todd Alan McCulloch, as to their fee interest (Vulcan and the foregoing individuals are hereinafter collectively known as "Grantors"), for and in consideration of the sum of one and no/100 Dollars (\$1.00) and other good and valuable consideration to them in hand paid by Southern Power Company, a Delaware corporation, doing business in South Carolina as Southern Power Company - South Carolina (hereinafter known as "Grantee") with an address of P.O. Box 2641, Birmingham, AL 35291, the receipt whereof is acknowledged, do hereby grant to said Grantee, its successors and assigns, over and across the leasehold interest of Vulcan as described in that certain Assignment of Lease recorded in Deed Book 64 at Page 345 ("leasehold interest") and the fee interest of the other individual and natural person Grantors lying in Cherokee County, South Carolina acquired by Grantors by Deed recorded in Deed Book 198 at Page 109 and Deed Book 12-F at Page 850 in the Office of the Clerk of Court of Cherokee County (all as more particularly shown on Exhibit A attached hereto and incorporated herein by reference): a perpetual, appurtenant easement and right (i) to construct, operate and maintain electric transmission and communication lines and all towers, poles, conduits, conductors, cables, insulators, anchors, guy wires, counterpoise conductors, and all other appliances necessary or convenient in connection therewith from time to time over, under and across, a strip of land 125 feet in width (more or less), as said strip is now located by the final location survey thereof heretofore made by said Grantee (all as more particularly shown as the shaded area on Exhibit A-1 attached hereto and incorporated herein by reference (the "Premises")), over, under and across the lands of which it is hereinafter described as being a part, together with all the rights and privileges necessary or convenient for the full enjoyment or use thereof for the purposes above described, including the right of ingress and egress to and from said strip and the right to cut, remove, or otherwise kill, and keep clear by any means, including chemicals, all trees and undergrowth and all other obstructions under, on or above said strip, (ii) to cut such trees outside of said strip which in falling would come within five (5) feet of any conductor on said strip, (iii) to install grounding devices on Grantors' fences now or hereafter located on such strip and (iv) to prevent the use of such strip as a parking area for automobiles or other vehicles, as a storage area for machinery or materials, or as a road other than a road for Grantors' and Grantee's use, maintained by Grantors, crossing such strip at a location which does not endanger or interfere with works that have been or may at some future date be constructed on such strip, said strip being described as follows:

and the lands of which the strip is a part being described on Exhibit A.

Nothing contained in the foregoing grant shall be deemed to prevent Grantors from exercising the following rights, and Grantors hereby expressly reserve the right to (i) cross the strip with their equipment, but, in any event, (A) such equipment when located under any transmission line(s) shall not exceed a height of fourteen feet (14') (except between Stations 63 + 25 to 69 + 00, 72 + 75 to 80 + 00 shown and described on that certain map attached hereto as Exhibit B and by reference incorporated herein, where the equipment shall not exceed a height of twenty-eight feet (28')), (B) such equipment shall be operated not closer than twenty feet (20') to the transmission facilities and related improvements located within the strip except upon the prior written approval of Grantee and subject to such commercially reasonable conditions as Grantee may impose, such as the installation of appropriate barricades to protect Grantee's improvements in the strip and (C) Grantee's access to the transmission facilities and related improvements shall at all times be maintained and not interfered with by Grantors so that Grantee may from time to time maintain, repair and replace the transmission facilities and related improvements located within the strip, (ii) operate their equipment within the strip, but, in any event, (A) such equipment when located under any transmission line(s) shall not exceed a height of fourteen feet (14') (except between Stations 63 + 25 to 69 + 00, 72 + 75 to 80 + 00 shown and described on that certain map attached hereto as Exhibit B and by reference incorporated herein, where the equipment shall not exceed a height of twenty-eight feet (28')), (B) such equipment shall be operated not closer than twenty feet (20') to the transmission facilities and related improvements located within the strip except upon the prior written approval of Grantee and subject to such commercially reasonable conditions as Grantee may impose, such as the installation of appropriate barricades to protect Grantee's improvements in the strip and (C) Grantee's access to the transmission facilities and related improvements shall at all times be maintained and not interfered with by Grantors so that Grantee may maintain, repair and replace the transmission facilities and related improvements located within the strip from time to time, (iii) cultivate said strip of land, (iv) as to Vulcan only, fill the land to and only to the fill lines between stations 62 + 42.44 and 75 + 50 shown and described on that certain map attached hereto as Exhibit B and incorporated herein by reference, a copy of which can also be obtained from Grantors or Grantee, and (v) use said strip of land for any purpose not inconsistent with the rights which Grantee may from time to time exercise hereunder, all in a way so as to minimize the impact on Grantee's use and enjoyment of the strip and/or the improvements located in and on the strip provided, however, that notwithstanding anything contained in this agreement to the contrary, any and all rights of Vulcan arising under the terms of this agreement, at law or in equity shall forever, completely and automatically cease upon the expiration of the term of the lease (including any option or extension of the lease) creating Vulcan's leasehold estate in the fee interest in the property of the other individual Grantors named herein.

In exercising their rights hereunder, Grantors shall exercise their rights in conformance with good engineering practices; in a way that does not endanger or interfere with access to Grantee's structures (including the foundations of such structures), meets all clearance requirements of the National Electrical Safety Code and meets all other regulations and ordinances then applicable to electrical conductors.

The term of the grant of this right of way and easement and the rights granted to Grantee in this agreement are agreed by Grantor and Grantee to be perpetual; all terms, provisions, rights, easements, agreements and conditions set forth in this Agreement shall run with title to Grantee's benefited real property (the "Benefited Property," as described on the attached Exhibit C) and the Grantor's burdened real property (as described herein), and shall be binding upon and inure to the benefit of the owners of and be appurtenant to the Benefited Property and such burdened real property and the successors and assigns in title relative to such lands; provided, however, that if the improvements contemplated hereunder have not been substantially completed within ten (10) years from the date of the recording of this agreement or, once such improvements are completed, the improvements are abandoned and not used by Grantee for a period of ten (10) continuous years, then, in either of such events, the right of way granted to Grantee shall revert back to Grantors.

Vulcan makes no representation and disclaims any warranty with respect to the condition of the Premises or its suitability for the use(s) intended by Grantee. Grantee acknowledges that it has had the opportunity to inspect the Premises and accepts its condition 'AS IS'.

Grantee shall release, indemnify, defend and hold Vulcan, its officers, employees or agents (collectively, the "Indemnified Parties") harmless from and against any liability for losses, claims, demands, suits or judgments and any payments made in settlement thereof (including, without limitation, payment of reasonable attorney's fees or expenses and workers compensation claims) to the extent the same arise from personal injuries (including death) or damages alleged or sustained by Grantee, its employees, subcontractors or agents (collectively, the "Indemnifying Parties") that arise out of, are attributable to or result from (a) any conditions in or about the Premises, (b) the use or occupancy of such Premises by the Indemnifying Parties, or (c) any activities on or about the Premises related to construction, installation or maintenance of utility facilities. Grantee's obligation hereunder shall not include responsibility for liabilities caused or allegedly caused by the negligent, willful or wanton acts of the Indemnified Parties.

Grantee hereby acknowledges that blasting is a normal part of the quarrying operations which Vulcan conducts on its leasehold interest in property ("Vulcan's Property"). As a material part of the consideration for this conveyance, Grantee does forever release and hold harmless Vulcan, its agents, employees, contractors, successors and assigns (collectively, "Vulcan") from and against any and all liability of any kind or nature incurred as a result of the operation of the quarry on Vulcan's Property, including, without limitation, blasting, except to the extent of Vulcan's negligence. Furthermore, Grantee does forever release and waive the right to maintain a suit at law or in equity against Vulcan on a theory of trespass, public or private nuisance or for any claim for strict liability in connection with the blasting or other operations of Vulcan on Vulcan's Property or any claim arising out of the conduct of an ultrahazardous activity. This release and covenant is expressly intended to and does hereby bind Grantee and is intended to and does hereby run with the Premises.

Grantee further acknowledges that this Grant of easement from Grantors is a nonexclusive grant, and Grantee further acknowledges and consents to the grant by Grantors of access easements to others over the surface of the easement herein granted which cross the right of way strip at an angle greater than thirty degrees (30°) which do not interfere with the operation of Grantee's lines or equipment.

Connie Wilson Allison, Carol E. Wilson, Steve Andrew Wilson, Barbara Allen, and Todd Alan McCulloch, covenant with the said Grantee, that, subject to the leasehold interest of Vulcan, they are lawfully seized in fee of the above described land; that it is free from all encumbrances; that they have a good right to convey the same to the said Grantee, and that they will warrant and defend the rights, title and interests herein granted in and to said land to the said Grantee forever. Vulcan covenants with the said Grantee that it is the sole owner of the leasehold interest, that it is free from all encumbrances, that it has a good right to convey the same to the said Grantee and that it will warrant and defend the rights, title and interest herein granted in and to said land against all claims arising by, through or under Vulcan.

CLERK OF COURT
SEVENTH JUDICIAL CIRCUIT
CHEROKEE COUNTY, SOUTH CAROLINA

The Plaintiff/Condemnor, Southern Power Company, d/b/a Southern Power Company-South Carolina ("Southern Power"), complaining of the Defendants, Larry H. Allen, Connie Wilson Allison, Carol E. Wilson, Steve Andrew Wilson, Barbara Allen, James I. McCulloch, III, Todd Alan McCulloch (together the "Known Landowners/Condemnees"), Vulcan Construction Materials, L.P. Southern Power, by this condemnation, will not disturb Vulcan's leasehold interest, and Vulcan has already executed a right-of-way agreement granting Southern Power an easement over its leasehold interest.

4. The heirs of David Hoyle Allen are named as parties to this action under "Unknown Claimants" by virtue of possible outstanding interests of said heirs due to lack of proper administration of record of the estate of David Hoyle Allen.

Allen via hand delivery by process server. An Affidavit of Service concerning service on Larry H. Allen is attached hereto as Exhibit C and incorporated herein by reference.

11. Also, although Southern Power believes the Known Landowners/Condemnees are the only persons with an interest in the property sought to be acquired, Southern Power caused a Condemnation Notice and Tender of Payment directed to the Unknown Claimants to be published in the Gaffney Ledger on or about October 21, 2009, October 28, 2009 and November 4, 2009. No person(s) have come appeared and claimed an interest in the property sought to be

acquired. An affidavit concerning the publication of a Condemnation Notice and Tender of Payment is attached hereto as Exhibit D and incorporated herein by reference.

12. The Condemnation Notice and Tender of Payment and the Agreement and Request for Payment that were served as noted in the previous paragraphs is attached hereto as Exhibit E and incorporated herein by reference.

13. In the Condemnation Notice and Tender of Payment, Southern Power notified the Defendants of its intent to condemn a 125 foot right-of-way across a parcel of land, the total amount to be condemned being 3.31 acres of the property of the Known Landowners/Condemnees and the Unknown Claimants.

14. The property sought herein is to be acquired for public purposes, more particularly for an easement upon which a 230-kV electric transmission line will be constructed to connect Southern Power's Cleveland County Plant to Duke Energy's Ripp Substation.

15. Southern Power tendered Twenty Thousand Eight Hundred Dollars and Fifty Cents (\$20,800.50) to the Known Landowners/Condemnees and the Unknown Claimants as just compensation for the right-of-way to be taken. The tendered amount represents payment in excess of the amount for which the property interest sought to be acquired appraised.

16. As of December 15, 2009, Connie Wilson, Carol E. Wilson, Steve Andrew Wilson, Barbara Allen, and Todd A. McCulloch have accepted the tender set forth in the Condemnation Notice and Tender of Payment.

17. Mr. James I. McCulloch, has rejected the tender set forth in Condemnation Notice and Tender of Payment by virtue of the fact that he has not responded to the aforesaid tender.

18. Mr. Larry H. Allen has rejected the tender set forth in Condemnation Notice and Tender of Payment by virtue of the fact that he has not responded to the aforesaid tender.

19. Also, Southern Power has not been notified that any Unknown Claimants claim an interest in the property to be condemned or accept the aforesaid tender within thirty days after the last date of publication of a Condemnation Notice and Tender of Payment in the Gaffney Ledger.

20. Accordingly, Southern Power hereby files the Condemnation Notice pursuant to S.C. Code Section 28-2-230 and 28-2-240 and requests the Court to determine just compensation for the right-of-way to be taken by Southern Power from the Defendants, including Mr. James I. McCulloch and Mr. Larry H. Allen, who have rejected its tender of payment.

21. Southern Power also herewith hereby deposits with the Court via the Clerk of Court one-eighth of the Twenty Thousand Eight Hundred Dollars and Fifty Cents (\$20,800.50) tender, amounting to Two-Thousand, Six Hundred Dollars and Six Cents (\$2,600.06), as just compensation for Mr. James I. Allen's interest in the right-of-way to be taken to be held by the Court pending determination of this proceeding.

23. The sole remaining issue relates to whether or not the above-mentioned amounts of the Twenty Thousand Eight Hundred Dollars and Fifty Cents (\$20,800.50) tender or less is an appropriate valuation of the property condemned by Southern Power.

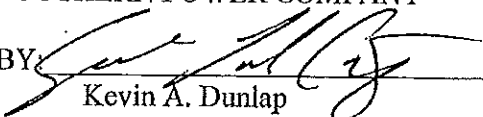

WHEREFORE, the Plaintiff/Condemnor, Southern Power, respectfully requests the Court to:

The property sought herein is to be acquired for public purposes, more particularly for an easement upon which a 230-kV electric transmission line will be constructed to connect Condemnor's Cleveland County Plant to Duke Energy's Hipp Substation. (i) the deed of Distribution for the Estate of David Allen recorded on January 18, 2005 in Deed Book 198, Page 109, Cherokee County Clerk of Court;

(ii) the Deed of Distribution for estate of Doris Allen McCulloch, Deed Book 27, Page 2908, Cherokee County Clerk of Court;

Southern Power, by this condemnation, will not disturb Vulcan’s leasehold interest, and Vulcan has already executed a right-of-way agreement granting Southern Power an easement over its leasehold interest.
